<input type="checkbox"/> Acquisition <input type="checkbox"/> Creation <input type="checkbox"/> Preservation <input type="checkbox"/> Support <input checked="" type="checkbox"/> Rehabilitation/Restoration			
<p>Project Summary: Please provide a brief description of the project.</p> <p>We would like to take the next steps in upgrading of the disc golf course at Vietnam Veterans Park. Currently there is nine (9) holes that have very rough teepads, baskets and some signage. The upgrades would consist of all new teepads constructed of pressure treated lumber, stone dust and concrete paver blocks to provide a safe stable permanent pad that will require much less maintenance in the future. We will also be installing benches at each teepad for those waiting. Upgrades to the basket areas will include landscape wall bricks and rocks around the base of the baskets. We would also like to purchase maintance tools to keep at the course for volunteer use. All work will be done by volunteers of the course who are currently having to rake out the teepads to provide a flat area unfortunately this would need to be done every week under the current conditions which is not feasible.</p>
